

## **Laboratories available at the 4th year**

(belonging to Graduate School of Bioagricultural Sciences)

<https://www.agr.nagoya-u.ac.jp/english/academics/academics-menu02.html>

### **Department of Applied Biosciences**

- Laboratory of Organic Chemistry
- Laboratory of Natural Products Chemistry
- Laboratory of Bioactive Molecules
- Laboratory of Chemical Biology of Natural Products
- Laboratory of Polymer Chemistry
- Laboratory of Food and Biodynamics
- Laboratory of Applied Enzymology
- Laboratory of Molecular Biotechnology
- Laboratory of Molecular and Cellular Regulation
- Laboratory of Cellular Biochemistry
- Laboratory of Molecular Bioregulation
- Laboratory of Glyco-Life Science
- Laboratory of Animal Cell Function
- Laboratory of Animal Cell Physiology
- Laboratory of Nutritional Biochemistry
- Laboratory of Soil Biology and Chemistry
- Laboratory of Applied Microbiology
- Laboratory of Molecular Microbiology
- Laboratory of Plant Signaling
- Laboratory of Biochemistry
- Laboratory of Molecular and Functional Genomics
- Laboratory of Developmental Signaling Biology
- Laboratory of Plant Cell Function
- Laboratory of Plant Integrative Physiology
- Laboratory of Plant Epigenetics
